Susegana, 16/02/2015

Self-declaration relative to EU directives on disposal of electrical and electronic equipment (RAEE regulations or WEEE 2002/96 / EC) and the reduction of hazardous substances (RoHS 2002/95 / EC).

The ZANARDO S.P.A. being a manufacturer of metal products for containment of electrical and electronic products not covered by the application of the law 2002/95 / EC and-2002/96 / EC:

- For the standard ROHS our products are electrical and electronic components therefore excluded from the verification of the presence of metals or pollutants such as European Directives 2002/95 / EC
- For the standard WEEE our products are not electrical or electronic for which we are not involved in the recovery of the waste of the customer

Furthermore, our company is associated to various industry consortia (CONAI) for the recovery of reusable waste.

For further information and clarification please contact us at info@zanardo.com.

With best regards.

ZANARDO S.P.A.
